INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF ADVANCED PETROCHEMICAL COMPANY (A SAUDI JOINT STOCK COMPANY)

Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of Advanced Petrochemical Company ("the Company"), a Saudi Joint Stock Company, and its subsidiaries (collectively referred to as "the Group") as at 30 June 2020, and the related interim condensed consolidated statements of profit or loss and comprehensive income, for the three and six month periods then ended 30 June 2020, and the related interim condensed consolidated statements of changes in equity and cash flows for the six month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

Legal formalities relating to the above were also completed in 2019.

The interim condensed consolidated financial statements as at 30 June 2020 include the financial statements of the Company and the following subsidiaries (collectively referred to as the “Group”):

During 2014, AGIC made 100% investment in Advanced Global Holding Limited (“AGHL”), a limited liability company incorporated in Luxembourg. AGHL has not been consolidated in these interim condensed consolidated financial statements due to immaterial financial position.

The Group is licensed to engaged in production and selling Polypropylene, Polysilicon and Polysilicon downstream products which includes Photovoltaic cells and Photovoltaic, and establishing, operating and investing in industrial projects including petrochemical, chemical, basic and conversion industries and industries relating to renewable energy both within and outside the Kingdom of Saudi Arabia.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

These interim condensed consolidated financial statements have been prepared using historical cost convention except for equity investments at fair value through other comprehensive income (“FVOCI”) which is measured at fair value. For employees’ defined benefit liabilities, actuarial present value calculation is used. These interim condensed consolidated financial statements are prepared in Saudi Riyals, which is both the functional and presentation currency of the Group. These interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34, “Interim Financial Reporting” (“IAS 34”) as endorsed by Saudi Organization for Certified Public Accountant (“SOCPA”) in the Kingdom of Saudi Arabia. These interim condensed consolidated financial statements include all the disclosures required for interim condensed consolidated financial statements but do not include all of the disclosures required for the consolidated annual financial statements.

2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE (Continued)

These interim condensed consolidated financial statements of the Group were approved on 28 July 2020.

Basis of consolidation

These interim condensed consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 30 June 2020. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the statement of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the shareholders of the Group to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognized in profit or loss. Any investment retained is recognized at fair value.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Group's interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The outbreak of novel coronavirus ("COVID-19") since early 2020, its spread across mainland China and then globally caused disruptions to businesses and economic activity globally including the Kingdom of Saudi Arabia and the declaration of this pandemic by the World Health Organization necessitated the Group's management to revisit its significant judgments in applying the Group's accounting policies and the methods of computation and the key sources of estimation applied to the annual financial statements for the year ended 31 December 2019. Whilst it is challenging now, to predict the full extent and duration of its business and economic impact, the Group's management carried out an impact assessment on the overall Group's operations and business aspects including factors like supply chain, travel restrictions, oil prices, product demand, etc. and concluded that, as of the issuance date of these interim condensed financial statements, no significant changes are required to the judgments and key estimates. However, the view of the current uncertainty, any future change in the assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future periods. As the situation is rapidly evolving with future uncertainties, management will continue to assess the impact based on prospective developments.
